

ABA:2721

A posterior

An axial brain scan image showing a cross-section of the brain. The image is predominantly blue, with a central dark region. The text "ABA:2721" is located in the top left corner, and "A posterior" is located in the bottom left corner. A vertical white line is positioned near the center of the image, and a horizontal white line is positioned near the bottom. The brain's structure is visible as a circular shape with internal details.
