

ABA : 68342354

S0

This image is an axial brain scan, likely a PET or SPECT scan, showing a cross-section of the brain. The image is predominantly dark blue, indicating low activity. A prominent focal area of high intensity, shown in yellow and green, is located in the lower-left quadrant of the image, corresponding to the left hemisphere of the brain. The brain's anatomical structure, including the ventricles and sulci, is visible in a lighter blue color. The image is overlaid with a white grid. The text 'ABA : 68342354' is in the top left, and 'S0' is in the bottom left.
