Arc

The image displays a coronal cross-section of a brain. A vertical white line divides the image into two halves. The left half shows a blue-colored brain with a small, bright, multi-colored region (yellow, red, and green) located in the upper-middle section, indicating a specific area of interest or activity. The right half shows a similar blue-colored brain but without the highlighted region. The text 'ABA:68797502' is in the top left, and 'Arc' is in the bottom left.
