

ABA:72080044

OB anterior

A fluorescence microscopy image of a brain section. The image is divided into four quadrants by a vertical and a horizontal white line. The top-left quadrant contains the text 'ABA:72080044'. The bottom-left quadrant contains the text 'OB anterior'. The central region, where the two lines intersect, shows a blue fluorescent signal. This signal is concentrated in two main lobes, one on the left and one on the right, with a smaller, more distinct spot of signal located above the right lobe. The rest of the image is black.
