

ABA:74641316

SCN

The image displays a coronal cross-section of a brain, with the two hemispheres rendered in a solid blue color. The brain is centered against a black background. A thin white vertical line bisects the image, separating the left and right hemispheres. A thin white horizontal line intersects the brain at its midline. In the upper-left corner, the alphanumeric string 'ABA:74641316' is printed in white. In the lower-left corner, the letters 'SCN' are printed in white.
